

#### 1. Human Health

##### 1.1 Substances

| Factor                          | Metrics   | Documentation                            |
|---------------------------------|---|--|
| Reporting Threshold Level       | 100 ppm   | <a href="#">HPD</a>                      |
| Third-Party Verified            | Yes- Externally Verified  |  |
| Extent of Disclosed Inventory   | 100% publicly disclosed inventory                                     |  |
| Class-Based Substance Avoidance | Methyl Groups   | <a href="#">Declare Label</a>            |
| Assessment-Based Optimization   | Data-driven decisions for composition, performance, and compliance*   |  |
| Restricted Substance List (RSL) | REACH Authorization List (Annex XIV), CA EPA- Prop 65, LBC Red List** | <a href="#">Supplier Code of Conduct</a> |

##### 1.2 VOCs

| Factor                   | Metrics                        | Documentation                    |
|--------------------------|--------------------------------|----------------------------------|
| VOC Content (Regulatory) | 0.5 mg/m <sup>3</sup> or less  | <a href="#">Green Label Plus</a> |
| VOC Emissions Compliance | CDPH Standard Method v1.2-2017 |                                  |
| TVOC Emissions Range     | 0.5 mg/m <sup>3</sup> or less  |                                  |

#### 2. Climate Health

##### 2.1 Embodied Carbon

| Factor  | Metrics  | Documentation       |
|---|--|---------------------|
| Carbon Assessment Type                              | Product Specific EPD                           | <a href="#">EPD</a> |
| Third-Party Verified                                | Yes, 3rd Party (Externally) Verified           |                     |
| Declared Unit                                       | 1 m <sup>2</sup>                               |                     |
| Reported GWP (A1-A3) per Unit (kgCO <sub>2</sub> e) | 7.47-8.97 kg CO <sub>2</sub> e/square meter*** |                     |

##### 2.2 Company Carbon Impact

| Factor                                 | Metrics  | Documentation       |
|--|--|---------------------|
| Public Disclosure of Company Emissions | Third-Party Verified Scope 1, 2, & 3 Emissions in Company Report | <a href="#">CRR</a> |
| Carbon Offset                          | 105% of Product Offset   | <a href="#">ACE</a> |
|  | Third Party Verified; Nature-Based                               | <a href="#">ACR</a> |

## CMF Profile: rEvolve II Cushion with Nylon 6

### 3. Circularity

#### 3.1 Sourcing

| Factor   | Metrics  | Documentation       |
|--|--|---------------------|
| Final Manufacturing Location                     | Calhoun, Georgia, United States                                  | <a href="#">EPD</a> |
| Regenerative & Renewable Content Percentages (%) | 0% Pre-Consumer<br>0% Post-Consumer                              | <a href="#">HPD</a> |
| Reintegrated Content (%)                         | 0% Reintegrated by Manufacturer, 0%<br>Reintegrated by 3rd Party | Not Applicable      |

#### 3.2 End-Of-Life

| Factor  | Metrics                        | Documentation                       |
|---|--------------------------------|-------------------------------------|
| End of Life Guidance Provided                         | Manufacturer Contact           | <a href="#">Mannington Reclaims</a> |
| Extended Producer Responsibility (Take Back) Programs | Manufacturer Take Back Program |                                     |

#### 3.3 Company Facility Waste

| Factor                   | Metrics                                  | Documentation       |
|--------------------------|--|---------------------|
| Facility Waste Diversion | Waste Diversion Initiatives per Facility | <a href="#">CRR</a> |

### 4. Social Equity and Health

#### 4.1 Company Workplace

| Factor   | Metrics                               | Documentation       |
|--|---------------------------------------|---------------------|
| Corporate Social Responsibility Reporting Type | Self-Reported following GRI Standards | <a href="#">CRR</a> |
| Business Enterprise Categorization             | Not Applicable                        | Not Applicable      |

#### 4.2 Supply Chain

| Factor                              | Metrics | Documentation                            |
|-------------------------------------|---------|--|
| Raw Material Supply Chain Standards | Yes     | <a href="#">Supplier Code of Conduct</a> |
| Company Supply Chain Standards      | Yes     |  |

#### Further Context

- In 2025, we conducted our first Supplier Code of Conduct adherence campaign assessing suppliers' sustainability initiatives.
- 2024 marked our first year reporting Scope 3 emissions and global operational data, strengthening our reporting capabilities and intensity metrics.
- Our customer driven reclamation program recovered 73 metric tons of post-consumer carpet tile in 2024.
- Our partnership with the Appalachian Carbon Exchange helps expand workforce development, reforestation, and habitat conservation efforts- all in Mannington's backyard!
- We annually audit our facilities in accordance with ISO 14001:2015 and ISO 9001:2015 standards to identify opportunities for operational improvement.
- Our modular carpet facility's solar array came online in 2026 and will provide up to 60% of the plant's power need in Calhoun, Georgia.
